

ABOUT ME

Detail-oriented and motivated Full Stack Developer with hands-on experience in building responsive web applications using the MERN stack. Proficient in front-end development using React, HTML, and CSS, with knowledge of back-end development using Node.js, Express, and MongoDB.

EDUCATION

2020 - 2024 • B.Tech Degree In Computer science
From, I K Gujral Punjab Technical university ,Jalandhar.

2018 - 2020 • High School (Science Stream)
From, Kendriya Vidyalay No.3 , Jalandhar.

EXPERIENCE

Hoping Minds , Mohali , Punjab.

Full Stack Intern

- Jan 2024 -** Worked on backend as well as frontend in Web application development for online E-commerce website.
- June 2024** For Frontend worked on creating forms and application pages using react,used react router for client side routing to navigate between the pages.
- For Backend worked on the Express.js and mongo.db for sending and storing the database and nodejs for serving the API's from client side to server side.
- Also worked on postman for testing the API's .

PROJECT

DELLA SPECA

- Developed a comprehensive e-commerce platform allowing users to browse, order, and have products delivered efficiently, with a focus on seamless user experience and operational workflows.
- It is a e-commerce website using the MERN stack technology (MongoDB, Express.js, React, Node.js), delivering a seamless and dynamic user experience.
- Utilized MongoDB to manage and store user data, product inventory, and order details, ensuring secure and efficient database operations.

LOVISA WEBSITE

- technologies responsive and visually engaging front-end technologies for an e-commerce jewelry platform using React, enhancing the user experience and interface design.
- Managed application state entirely within React using hooks and context API to maintain dynamic product displays and user interactions.
- It is a Component-based development to improve code maintainability, and reduce redundancy.

Exploring Punjab

- Developed an interactive web platform focused on promoting tourism in Punjab, showcasing key destinations, cultural highlights, and travel tips.
- Displayed detailed information on Punjab's tourist destinations, cultural events, and travel tips using React components for a seamless and interactive user experience.
- Worked on front-end libraries like Bootstrap , css , react.js and react queries.

SKILLS

HTML, CSS, Php	<div></div> 80%	React	<div></div> 70%
Javascript, Python	<div></div> 70%	SQL, MongoDB	<div></div> 60%
Data Structures & Algorithms	<div></div> 60%		
Node.js , Express.js	<div></div> 60%
